Welcome to Virginia's First Urban Winery!

What's an Urban Winery, you ask? Well, we are. Take a look around, and you'll see a pretty unique blend of concepts.

First and foremost, you'll see wine made here under our Mermaid label, highlighting the potential of Virginia's grapes and wine production. Virginia has a rich history of grape growing and winemaking, and we've selected the best grapes we can get our hands on for our Mermaid Wines. We primarily work with fruit from our Charlottesville vineyard, with occasional sourcing from other locations if we see the opportunity to make something special. We've put together some really enjoyable wines for you to try – some classic, some fun, all delicious.

Secondly, you'll see wines from all around the world. Some you'll recognize, others you might not. These selections lend to our wine bar-style atmosphere and really enrich the experience by offering a wide range of wines to be tried. They're all available by the bottle, and most by the glass and flight as well, right alongside our Mermaid Wines. The staff can tell you all about any of them, so rest assured that you'll never be drinking blind. These wines also rotate with the season, and there's always something new to try.

We have a full kitchen too, with a diverse menu that can carry you through lunch, brunch and dinner from the lightest snack to a full-on meal. With dishes that can be easily paired with a variety of our wines, make sure you try anything that catches your eye. If you need a wine recommendation, we're always happy to offer a suggestion or two.

Finally, you'll notice that we're very interactive with our guests. Themed parties, wine dinners, movie nights and wine classes are all regular monthly events here. We even have a wine club – be sure to check that out on the next page, it's well worth joining.

So, thanks for joining us today. You're always welcome here and we're glad to have you share in our wine escapades here at Mermaid Winery.

WINE FLIGHTS

OUR FLIGHTS INCLUDE A SELECTION OF FIVE DIFFERENT WINES;

The selections change often, giving you a variety that changes over time with new and intriguing wines from around the world!

ALL OF THE WINES WE FEATURE ON OUR FLIGHTS ARE AVAILABLE

By both the bottle and glass!

Find your favorite, order a glass, and then take a bottle home!

MERMAID CLASSIC | 9

Here at Mermaid Winery, we produce a lineup of wines that showcase easy drinkability and flavorful nuance; both of our locations utilize stainless steel tanks and oak barrels, with each location using a different variety of oak to provide a different terroir, or the sense of place conveyed by a wine. We've selected some of our favorites for you to get an idea of what we do!

SPARKLING WINE | 13

Sparkling wines are made in many countries around the world, each with their own history and notable qualities. They are often produced through a process of secondary fermentation, where a still wine is given more yeast & sugar to infuse the wine with textural bubblyness, or perlage. Explore a curated selection of outstanding bubblyness, whether it's from home or abroad!

WHITE WINE | 11

White wines are, generally, wines produced without exposure to the skins and stems of the grapes the juice is crushed from, Resulting in wines of clarity, fruit, and freshness. Examples of these wines are loved for their casual drinkability and pairing potential with lighter fare, like seafood, poultry, and fruit!

RED WINE | 11

Boldness, intensity and loads of flavor; red wines soak the skins and stems of the grapes with the juice to infuse flavor & coloration to the wine! Sample our picks from the winemaking regions of the world and experience the nuances each environment brings to the bottle!

FRENCH | 11

When one thinks wine, one thinks France, a country with a vast and storied history of winemaking reaching back to antiquity. We've curated these wines to showcase a spectrum of French winemaking talent to thrill the Francophile in your life!

ROSE | 13

Rose wines are produced by giving your freshly crushed wine a short exposure to the grape skins and stems, just long enough to draw out gentle pink colors & light, uplifting flavors. We've picked out a selection that shows off the subtlety, nuance, and freshness these wines have to offer!

NEW WORLD | 11

There are two fundamental regions when it comes to winemaking, the new world, and the old. When we say new world, we are referring to countries like the USA, South America, Australia, and South Africa. Wines from these countries are generally known for possessing a more fruit driven character than their old world counterparts. Here are some highlights that we've found from the countries of the New World!

OLD WORLD | 11

In contrast, old world wines come from Europe; countries such as France, Spain, Italy, and more. They're known for presenting a more refined, mineral driven character than new world offerings, though there are always exceptions. Enjoy a slice of history with wines from some of the oldest winemaking regions in the world!

SWEET WINE | 13

Sweet wines, also referred to as dessert wines; from light and tantalizing to rich and big, these wines maintain a good level of sweetness due to residual sugars; the sugars left over after the yeast have finished producing alcohol, or when the winemaker halts the fermentation. Sample our selections from around the world, either alone or with one of our indulgent desserts!

FORTIFIED & APERITIF WINE | 15

(.5 OZ POURS)

Fortified wines find their origins in the age of sailing, when seamen would carry wine as either cargo or libation. Of course, wine is perishable, so methods were devised to extend their storage life; most notably, blending them with spirits, creating wines such as Port, Madeira, and Sherry. Our selection of potent examples of fortified wines is sure to warm your heart and pair delightfully with desserts

CABERNET FLIGHT | 15

The most popular Cabernet varietal is Cabernet Sauvignon; however, one of its predecessors, Cabernet Franc, is an amazing grape in its own right. These varietals both produce big bodied wines with ample structure, intense flavor profiles, and, depending on the winemaking techniques used, a good amount of tannins. We've chosen some standouts for you to enjoy!
